Cloud Application Development

January 7, 2021

Pair programming is **REQUIRED** for quizzes, programming assignments, and project steps. Other assignments, such as homework, labs, and presentations, must be done individually. Please read this article for further information: https://en.wikipedia.org/wiki/Pair_programming

These are the assigned pairs for quizzes, programming assignments, and project steps. Every student is expected to do a fair share of the work. Please note that each assignment is graded as an *individual* assignment, and each student will receive an *individual* grade. Every student must submit an assignment for grading.
